2016 GROWING CONDITIONS: A warm, dry Spring and early summer led to excellent flowering and shoot growth. Adequate rainfall in August provided the vines with enough moisture to fully ripen all varieties through a continued warm, dry fall.

WINEMAKING TECHNIQUES: Created using the saignée method (this wine-making process involves bleeding off a portion of red wine after only a short period of contact of the juice with the grape skins). 20% of the wine was aged in neutral oak for 4 months while the rest was fermented separately in stainless steel tanks and then blended before bottling.

SERVING SUGGESTIONS: As an aperitif or with soft shell crab, smoked salmon, ham, goat cheese, or as an ideal accompaniment to brunch or picnics.
