

SANGIOVESE

Aromas of cherry and red berry fruits

with rich flavors of black raspberry,

strawberry and the slightest hint of

licorice. A good acidity and

soft tannins complete the profile.

GROWING CONDITIONS: The moderate temperatures on California's Central Coast make this an ideal location for cool climate varieties like our Sangiovese.

WINEMAKING BACKGROUND : Sangiovese is the most widely planted red wine grape in Italy, but also has shown great success in California. It is often used as a red table wine and is thought to be light and uncomplicated.

SERVING SUGGESTIONS: Marinated flank steak, aged cheeses, hearty tomato-based pasta dishes.
